SOFTWARE ENGINEER

I'm a software engineer professional with 5 years of experience. I'm skilled in react, node, golang, AWS and passionate about delivering innovative solutions. I'm always learning and growing.

RECENT EXPERIENCE

Engineering Manager | PixelPK | Hybrid

May 2024 - August 2024

As an Engineering Manager, I introduced objective coding standards, QA processes, and UX guidelines to enhance team efficiency and product quality. I also improved the project development lifecycle, streamlining workflows and fostering a more effective development environment.

Senior Software Engineer | Attend Anywhere | Hybrid

Dec 2023 - May 2024

In my role, I managed the backend development for a group consultation feature and provided consultancy on security improvements for video call-related functionalities. I also addressed AWS-related issues from customer queries and contributed to data visualization efforts using Elasticsearch.

RECENT PROJECTS

Attend Anywhere

Lead Group Consultation Feature

Led the migration from Jitsi to a custom AWS Chime SDK solution to enhance user experience, designing a front-end architecture using React, Redux, XState, and Vite within a MicroFrontend setup. Implemented comprehensive logging frameworks with CloudWatch, New Relic, and Elasticsearch, and developed backend solutions using AWS Lambda, DynamoDB, VPC, SQS, and API Gateway to support real-time communication and secure data handling. Improved development workflows and security practices, and authored technical documentation for ongoing maintenance and onboarding.

Zaidoc

Team Lead

Led the development of a custom platform, setting up front-end infrastructure with Next.js and Zustand and a serverless backend using AWS (RDS, SQS, VPC, EventBridge). Established CI/CD pipelines with TurboRepo and AWS CDK, and implemented audit logging and technical documentation.

SKILLS

- Javascript, Typescript, Golang
- React, Next
- Node, Express, NestJS
- Amazon Web Services
- MongoDB, Postgres, SQLite
- Desktop Application Development (Electron, Wails)

CERTIFICATIONS

- [AWS Certified Developer – Associate](#)

SOFT SKILLS

- Effective Time Management
- Creative Problem-Solving
- Active Listening
- Efficiency Under Pressure
- Critical Thinking
- Customer Success
